

# Tupperware®

Singapore | 1 - 31 July 2024 | Campaign 7

**Pack  
sustainability  
in every bite**

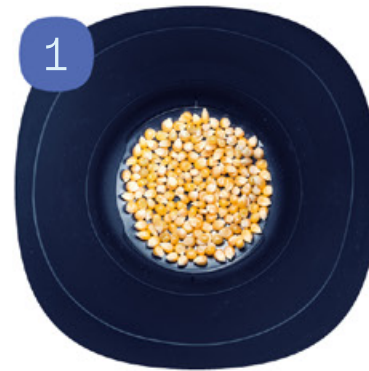

# Endless popping, endless flavor, endless fun!

**ECO TIPS**  
Say goodbye to plastic-packaging.  
Make your own popcorn today!

How to make a perfect popcorn:

1 Add kernels to the silicone bowl. Never overfill the Glass insert tray with kernels.

2 Place the Vent & Shake Lid on the bowl in the vented cooking with holes on the base.

3 Place it in the microwave, set your microwave to 3 minutes\*.

4 Shake out the unpopped kernels.

5 Ready to serve.

Vent & Shake lid.

Glass insert tray.

High grade food safe Silicone bowl.

**LIMITED EDITION!**

1117 4474  
**WOW Pop Microwave Popcorn Maker**  
L 26.0 W 22.5 H 14.6 cm  
**\$38.50**

  
reddot winner 2024  
best of the best

\*Maximum wattage of 1000 watts. Stay near the microwave and listen carefully to the popping. Once the popping slows down to 2 seconds between pops, STOP the microwave.

# Get poppin' in minutes!

Create endless recipes with the Tupperware® WOW Pop Microwave Popcorn Maker, from healthy to sweet and savory.

Sweet Crunchy Peanut Popcorn

Italian Cheesy Trove Popcorn

White Chocolate & Raspberry Popcorn

Movie Popcorn

## Ingredients

- 60g popcorn kernels
- 30g butter (softened at room temp)
- 30g sugar
- 40g unsalted shelled peanuts

## Preparation

1. Combine softened butter with sugar.
2. Chop the peanuts thinly.
3. Pop the kernels without adding anything.
4. Immediately when ready, shake out unpopped kernels.
5. Add the melted butter and sugar on the hot popcorn and shake.
6. Microwave 30 sec at 900 watts, shake and microwave again 30 sec.
7. Add the chopped peanuts and shake.

## Ingredients

- 60g popcorn kernels
- 1ml salt
- 45g / 6tbsp thinly grated Pecorino Romano cheese\*
- Small bunch of chives (thinly chopped)

## Preparation

1. Pop the kernels without adding anything.
2. Immediately when ready, shake out unpopped kernels.
3. Add salt and pecorino and shake.
4. Remove cover and allow to cool for 1 min.
5. Top with chopped chives for serving.

\*Can be replaced with Parmesan cheese.

## Ingredients

- 60g popcorn kernels
- 10g freeze dried raspberries\*
- 60g white chocolate\*\*

## Preparation

1. Chop the freeze dried raspberries.
2. Grate the chocolate.
3. Pop the kernels without adding anything.
4. Immediately when ready, shake out unpopped kernels.
5. Add the grated chocolate on the hot popcorn and shake.
6. Add raspberry powder and shake again.
7. Spread on a silicone baking sheet and allow to cool.

\*Freeze dried raspberries are also called lyophilized raspberries. They are completely dry natural raspberries. They can be found usually in the dry fruit aisle of supermarkets or easily online. Do not replace with fresh or frozen raspberries.

\*\* Important to have a good quality white chocolate. Good quality white chocolate is quite liquid when melting, while cheaper white chocolate often is very thick and will not spread evenly on the popcorn.

## Ingredients

- 60g popcorn kernels
- 30g butter (softened at room temperature)
- 1ml salt
- Black pepper

## Preparation

1. Combine the butter with salt and pepper.
2. Pop the kernels without adding anything.
3. Immediately when ready, shake out unpopped kernels.
4. Add butter and shake gently until completely melted.

For regular product measurements, please refer to the product guide.

While treated water is safe enough to drink straight from the tap, old and rusted pipes can compromise the quality of water received. Rusted pipes have a potential of causing contamination when soil, mud, rust and bacteria enters the pipeline. Additionally, sediment buildup in home water tanks that are not regularly cleaned can also lead to contamination.

- Inorganic contaminants
- Radioactive elements
- Bacteria & viruses
- Microbial Pathogens

# Taste the difference, feel the health

Removes **99.99%** bacteria and viruses.

Removes **over 180** contaminants as small as 0.002 micron.

Removes chlorine, heavy metals, organic and inorganic contaminants.

Increase alkalinity level of water.
